

Engage 360 wellness

INTEGRATED WELLNESS THAT STRENGTHENS INDEPENDENCE AND ELEVATES COMMUNITIES

A fully integrated wellness model designed to keep residents stronger, more independent, and more engaged, while positioning your community as best-in-class.

4 WAYS ENGAGE 360 MATTERS TO YOU AND THE LONG-TERM WELLBEING OF YOUR RESIDENTS:

Stronger, more independent residents

Proactive screenings and personalized plans identify changes early and help maintain function longer.

A More Engaged, Vibrant Environment

Daily movement, wellness programming, and purposeful activities bring energy to your community.

Seamless Team Integration

Therapists become part of your culture, collaborating closely with staff and leadership

A True “One-Stop” Wellness Experience

From move-in through ongoing support, everything is coordinated, consistent, and visible

HOW IT WORKS:

✓ Proactive Wellness Monitoring

We handle move-in, baseline, and ongoing screenings, and provide early intervention.

✓ Personalized Resident Pathways

We have wellness plans tailored to every goal, ability, and lifestyle.

✓ Embedded Therapy Presence

We're proactive, not reactive. There is visible support integrated into daily life.

✓ Engagement-Driven Programming

Classes, movement groups, and purposeful activity coordination

- Keeps Residents on Campus
- Supports Aging in Place and Independence
- Increases Resident and Family Satisfaction
- Enhances Community's Perceived Value
- Differentiates you in a Competitive Market

Engage 360 transforms wellness from a service
into a defining feature of your community

FOR HEALTHCARE CENTER SETTINGS

- Designed for all activity levels, from highly active to sedentary residents
- Tracks and captures meaningful screening data
- On-site partnerships with community groups (e.g. Parkinson's support programs)
- Open gym model that encourages movement beyond scheduled therapy
- Promotes pre-hab and independent activity to help residents engage daily
- Expands access to wellness for both caseload and non-caseload
