Logos

**Together
Making Changes**

Horizontal Orientation,

This is our primary logo and we think it looks GREAT on almost everything. Especially as a header for a flyer or co-branding opportunities.

Vertical Orientation,
Second choice. Another option for flyers, events, items or swag.

**Together
Making
Changes**

Badge, Used as a tag or marker indicating an official Together Making Changes social media post, swag item, or sponsored event. Please use sparingly.

Inverse/White

Use a white/inverse version of our logo when you are putting it on a dark or colored background for sufficient contrast.

Logo Do's and Don'ts

Do not:

Twist, tilt, recolor, squish, squeeze or alter the logos in any way. Don't use it on a low contrast background. Yuck!

Do:

Scale the logo appropriately, making sure there is equal space around the entire logo. We want the logo to shine on it's own merit!

Doodles

In our official campaigns and flyers, you will see small doodles used. These are just a little reminder to all of us that there's a person with a heart behind every fundraiser and every dollar we raise.
